Hiring Manager,

On behalf of John Brooksby, I would like to share our experience while he worked at Allegra. During his tenure at Allegra John exhibited characteristics that I consider to be invaluable in an employee. He very CONSISTANT in his performance. John is a SELF-STARTER. When it came to PROBLEM SOVLVING, he was able to use the resources available to get things done. During his time as a production employee, he was able identify and help correct mistakes. We relied on him for QUALITY CONTROL. Without hesitation I would recommend him for a position in your organization. He will quickly become an asset.

John Brooksby is one of the few people we would rehire given the opportunity.

Sincerely,

Clyde Moses
General Manager
